

I'm very concerned about the ruling that the FCC is expected to make on June 2 which will further deregulate media ownership.

I'm very concerned that the ownership of our media outlets will end up in the control of fewer and fewer corporations and that we, the people, will end up with many less voices and viewpoints to hear from. It's so crucial to our democracy to be able to hear from as many different voices and hear as many different viewpoints as possible to keep important topics open for public debate.

Please do NOT change the FCC rules which would allow ownership of TV broadcast, radio, and newspapers to end up owned by and under control of even fewer corporations than they are today.
